

RIM TRAIL HIKE FROM OUR CONDO

Good 2 ½ to 3 hour hike from townhouse!

Times on directions are my walking time from our condo.

1. Head down Silver Pine Drive to the Par course on left near bottom of hill. Walk past stations 15, 14, 13, 12, 11 and 10.
2. You will come to a dirt road after station 10. Go to the left on the rocky road. (Do not take the most left road).
3. Go left at the double metal gate (17 mins; another 8 mins to next turn at # 5).
4. Short 50 yds, go right on path uphill with orange cable warning signs.
5. Continue up to dirt road where there is a cable sign on each side of the road and metal fence off to your right for horses. Go left up road. (total 25 mins; another 31 mins to next turn at #6).
 - a) Up hill past sign for Brockway Summit 1 ¾ miles. Road is 16N63. (total 31 mins; 6 mins since #5).
 - b) Green road gate (total 41 mins; 10 mins since #5a). Keep going straight up hill for about 15 more mins.
6. Paved/gravel road, bear right (total 56 mins; another 3 mins to #7).
7. Watch for large tree stump on left w/ Rim Trail sign (total 59 min; another 26 min to #8.). Go left onto Rim Trail. Rim Trail goes up through woods and swings back down to the paved road.
8. When you get to paved road again (total 1 hr 25 mins; another 26 mins to next turn at #9), cross it and stay on Rim Trail.
9. Watch for Rim Trail sign about 8ft up tree on left where trail crosses a lightly traveled path (total 1 hr 51 mins; another 18 mins to 1st green water tank #9a). Turn left onto this path and follow it. You are now heading back to Carnelian Woods.
 - a) You will come to the 1st of 2 green water storage tanks, this one is off to the right. Stay on road to left. (total 2 hr. 9 mins; another 5 mins to next turn at # 10).
10. At about 2 hrs 14 mins (about 16 mins to home), you will see a road off to the right blocked by large boulders. You want to take this road. Off to the left front you can see another green water storage tank
11. Follow this road back to the paved road which leads back to the townhouses. (total time about 2 hrs 30 mins).
